

5 Professionals Recognized in the 2018 Edition of Expert Guides: Life Sciences

December 11, 2018

Bereskin & Parr is proud to announce that five of its professionals have been recognized as top legal practitioners advising on life sciences law.

Congratulations to [Noel Courage](#), [Carmela De Luca](#), [Patricia Folkins](#), [Micheline Gravelle](#) and [Andrew McIntosh](#) for being listed among the leading life sciences professionals in Canada.

The Expert Guides research process involves sending over 4,000 questionnaires to senior practitioners or in-house counsel involved in each practice area in over 80 jurisdictions, asking them to nominate leading practitioners based on their work and reputation. The results are analysed and screened for firm, network and alliance bias. The list of experts is then discussed and refined with advisers in legal centres worldwide.
