

## **Bereskin & Parr LLP announces the launch of the Artificial Intelligence (AI) practice group**

June 27, 2018

The firm is very proud to officially launch the Artificial Intelligence group, in response to the growth and commercial activity in the market - a very exciting new frontier.

Led by partners [Isi Caulder](#) and [Bhupinder Randhawa](#) of our Electrical & Computer Technology Patent Group, the AI group will help companies that are developing core AI technology and/or those using AI technology in their products/services to protect, license and enforce their intellectual property.
