

## Bhupinder Randhawa interviewed by The Robotics Law Journal

June 10, 2020

Bhupinder Randhawa was interviewed by The Robotics Law Journal and published in the article "Q&A: the Canadian Startup Scene", available in their January/February 2020 issue.

Bhupinder Randhawa is head of engineering and technology law and co-head of AI at Bereskin & Parr, which has become a founding partner of the Hardware Catalyst Initiative (HCI), Canada's first incubator for tech hardware startups.
