

Typhoon Haiyan Recovery Aid

November 22, 2013

On November 8, Typhoon Haiyan struck the Philippines, claiming the lives of more than 4,000 and leaving millions displaced from their homes. In response to those affected by the second-deadliest Philippine typhoon on record, Bereskin & Parr LLP will be making a substantial donation to the Red Cross Typhoon Haiyan Relief Fund.

On behalf of everyone at Bereskin & Parr, we wish to convey our deepest condolences to our clients and associate firms, including their family and friends in the Philippines and surrounding areas during these difficult times.
