Experience

Maria Wei is an associate at Bereskin & Parr LLP and a member of the Electrical & Computer Technology practice group.

Maria's practice focuses primarily on helping clients secure patent rights for a wide variety of electrical and computer related inventions including electronic circuits for various applications, solar power equipment, electric vehicle equipment, wearable technology, satellite spaceflight hardware, digital signal processing, medical and dental imaging, data encryption, optics, computer software, business methods and other technologies. She is a member of the firm's Diversity & Inclusion Committee.

Maria completed her B.Eng. in Electrical Engineering at McMaster University, her M.A.Sc. in Electrical Engineering at the University of Waterloo and J.D. at the University of Toronto. She also has industry experience having previously worked for companies in the fields of nuclear technology, electricity transmission and distribution, and electricity generation.

Prior to being admitted to the Bar, Maria was both a summer student and articling student with the firm.

Maria is also conversant in Mandarin.
